6. Door must be maintained 1/4" from all supports.
7. Door must be maintained 1/4" from all supports.
8. Door must be maintained 1/4" from all supports.
9. Door must be maintained 1/4" from all supports.
10. Door must be maintained 1/4" from all supports.
11. Door must be maintained 1/4" from all supports.
12. Door must be maintained 1/4" from all supports.
13. Door must be maintained 1/4" from all supports.
14. Door must be maintained 1/4" from all supports.
15. Door must be maintained 1/4" from all supports.
16. Door must be maintained 1/4" from all supports.
17. Door must be maintained 1/4" from all supports.
18. Door must be maintained 1/4" from all supports.
19. Door must be maintained 1/4" from all supports.
20. Door must be maintained 1/4" from all supports.
21. Door must be maintained 1/4" from all supports.
22. Door must be maintained 1/4" from all supports.
23. Door must be maintained 1/4" from all supports.
24. Door must be maintained 1/4" from all supports.
25. Door must be maintained 1/4" from all supports.
26. Door must be maintained 1/4" from all supports.
27. Door must be maintained 1/4" from all supports.
28. Door must be maintained 1/4" from all supports.
29. Door must be maintained 1/4" from all supports.
30. Door must be maintained 1/4" from all supports.
31. Door must be maintained 1/4" from all supports.
32. Door must be maintained 1/4" from all supports.
33. Door must be maintained 1/4" from all supports.
34. Door must be maintained 1/4" from all supports.
35. Door must be maintained 1/4" from all supports.
36. Door must be maintained 1/4" from all supports.
37. Door must be maintained 1/4" from all supports.
38. Door must be maintained 1/4" from all supports.
39. Door must be maintained 1/4" from all supports.
40. Door must be maintained 1/4" from all supports.
