Complete entrance solutions
for gas stations and convenience stores

ASSA ABLOY
Entrance Systems

Ensuring round-the-clock security and comfort for your convenience store

In gas stations and convenience stores, safety and easy access is essential

When staff work late into the night, it is essential that entrances work to ensure their safety, security and comfort for long opening times, from early mornings to late at night or even 24 hours a day. Entrances need to be simple to use and feature remote locking for easy control access to the store, while guaranteeing safety for staff and customers.

If you do not have entrances that are optimal for your store, you could risk:

- Less traffic
- Delivery disruption
- Unwanted downtime

Doors that keep up with the store demands

Fast opening doors can speed up the delivery process while welcoming customers through the front entrances

Specially engineered ASSA ABLOY entrances are designed to perform in busy environments, ensuring uninterrupted access to your store throughout the day. Our doors provide solutions that require little room and can withstand retail conditions of bumps and knock, while still retaining optimum performance.

Your retail support team

Our teams of architect consultants, sales advisors and service technicians can offer expert advice throughout the entire building life cycle

From rugged frame sliding doors to high performance interior doors, we have an entrance system to answer the issues your store faces

Keep your store secure
Front entrances with remote locking ensure stock and staff are safe, while preserving climate zones for indoor environment and maintaining accessibility for convenience with sensor activated opening

Built to last
Ensure your carwash doors will withstand the corrosion of regular contact with water and chemicals with folding doors built from corrosion resistant materials

Enable a steady flow of customers
Reliable entrances at the front and the back to ensure easy access to your convenience store while welcoming customers, guiding traffic and preserving indoor climate zones

Ensure comfortable staff areas
Give your staff a private, secure and comfortable staff room with access controlled swing or sliding doors

ASSA ABLOY Entrance Systems is a leading supplier of entrance automation solutions for efficient flow of goods and people. Building on the long-term success of the Besam, Albany and Megadoor brands, we offer our solutions under the ASSA ABLOY brand. Our products and services are dedicated to satisfying end-user needs for safe, secure, convenient and sustainable operations. ASSA ABLOY Entrance Systems is a division within ASSA ABLOY.
